

In partnership with St Mark's TSA Leading the Curriculum with Niki Thomas 19th May 2020

9.00- 3.30pm at Glenleigh Park Primary School, Bexhill

A whole day event for **Headteachers** and **Senior Leaders** with a strategic responsibility for curriculum, and **Chairs of Governors** and **Members of Governing Boards**. **This is Day 1, Day 2 is Core and More which can be for any member of staff.**

Niki Thomas is an ex- National College Associate and currently leads on the School Partnership programme for the Education Endowment Fund.

This cross-phase day will provide an opportunity for colleagues to reflect on key self-evaluation questions regarding the curriculum in order to reflect on the quality, breadth and depth of the curriculum on offer in their school. The content of the day will reference the three 'I's; Intent, Implementation and Impact and in addition consider six 'Cs'; clarity, context, coherence, continuity, consistency and creativity.

There will be opportunities to work with colleagues from other schools to share and discuss curriculum developments. This day will provide you with some time to reflect on your own school's curriculum developments.

The course is primarily funded by the Rother Teaching School Alliance and there is a small charge of £25 per person.

Please email Rother TSA mel@fulcrumlearning.co.uk for a place/places on the course.
