

Developing Distance Learning 2

2020-21

Programme outline

Following on from our last programme on Developing Distance Learning/Home Learning, we are pleased to announce, in partnership with Brighton & Hove City Council, we will be leading another series of webinars to support home learning.

As Coronavirus is still with us, schools are having to adapt to change on a daily basis. It is clear that schools will be providing learning for individual children or groups of children at home over the next few months.

This programme will give examples and practical solutions to enable schools to respond. There will be an emphasis on linking the curriculum and creativity.

The four webinars will be recorded so could be used for staff meetings at future dates.

Training Dates

Session 1: Monday 12th October: 3.30-4.30pm

Strategic planning. Case studies from schools to include how they are planning for this term.

Session 2: Monday 19th October: 3.30-4.30pm
Practical strategies for home learning in maths

Session 3: Monday 9th November 3.30-4.30pm
Practical strategies for home learning in English

Session 4: Monday 23rd November 3.30-4.30pm
Looking at examples for home learning in the foundation subjects.

All sessions will be led by our SLEs and current practitioners, including school leaders.

Location

The course will be run via Zoom

Cost

FREE to all BHCC maintained schools.

£200 for all other Schools.

This cost is per school not per person.

Bookings

ALL delegates need to complete a booking form a www.sussexcoasttsa.co.uk (CPLD) **Developing Distance Learning 2**

Delegates will be sent a link to register for the webinar a few days before each session.

Final date for bookings

8th October 2020

Feedback from Developing Distance Learning 1:

'Through these sessions I have been able to draft our schools Distance Learning Plan'

'supported with training & guidance on what provision should look like'

'clarified our thinking re: delivery & expectations'

'great to hear other schools experiences'

Sussex Coast Teaching School Alliance is a group of primary and special schools who have high expectations and aim to work together to further develop high quality teaching and improve learning and outcomes for all pupils. We understand the impact professional development has and have set up a series of programmes to develop staff.

For a full list of training available please see our website www.sussexcoasttsa.co.uk.
